One who wants to get joy of book reading especially in very less time can go for it. About the Book Herbert Spencer was born at Derby, in England, in 1820. He was taught by his father who was a teacher, and by his uncle, a clergyman. At the age of seventeen he became a civil engineer, but about eight years later abandoned the profession because he believed it to be overcrowded. In 1848 he was engaged on the Economist, and five years later he began to write for the quarterly reviews. Spencers little book on Education dates from 1861, and has probably been more widely read than all his other works put together, having been translated into almost all civilised, and several primitive languages. It is generally recognised as having effected the greatest educational reform of the nineteenth century. It was certainly the most powerful of single agents in effecting the liberation of girlhood from its unnatural trammels. It placed the whole theory of education upon a sound biological basis in the nature of the child and the natural course of its evolution as a living creature. Spencer struck a fatal blow at the morbid asceticism by proxy which adults used to practice upon their children, and so great has been the influence of his work for the amelioration of childhood that he is certainly to be counted with the philanthropic on this ground. The first chapter has no equal...
