Proven in North America and abroad, this classic text has earned a reputation for excellent accuracy and mathematical rigour. Previous editions have been praised for providing complete and precise statements of theorems, using geometric reasoning in applied problems, and for offering a range of applications across the sciences. Written in a clear, coherent, and readable form, Calculus: A Complete Course makes student comprehension a clear priority. Dr. Christopher Essex joined Bob Adams as a new co-author on the 7th edition and has an expanded role in the 8th edition. Instructors and students will appreciate new and expanded examples, new exercises, and a new Chapter 17: Differential Forms and Exterior Calculus. MyLab and Mastering from Pearson improve results for students and educators. Used by over ten million students, they effectively engage learners at...
