Speedy Publishing LLC, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Despite the stresses and hassles in our daily lives, we tend to believe that we know best when it comes to our lifestyle and the happiness and health that it grants us. This belief often causes us to overlook advice or areas where we may be able to make changes and improvements. When you live a certain way for long enough, you may forget that there could be more comfortable or healthier options. Consulting the [Happiness and a Healthier You] guide could provide looked-over lifestyle options or changes that appeal to you and make a real difference in your life. Many people may balk at the idea of consulting a guide for advice on ways to improve or add to their lifestyle. But people often forget things, even the most obvious things; sometimes, the things that seem obvious are the first to be looked over or forgotten. Because of this, being reminded of how to care for yourself is a lot more important than people generally regard it as. Dont be embarrassed to consult a guide on your health and happiness. We all need a little advice sometimes, and it is for your own benefit to be open to lifestyle improvement.
