In The Zodiac Recipe, Dr. Jacquelyn Wiersma provides a fascinating discourse on how astrology can help explain why we are naturally attracted to some people and repulsed by others. The result is an easy-to-understand and nearly effortless recipe that is certain to help better understand our relationships and ourselves. The book explains that everyone's personality, emotions, outward demeanor, and love style, are impacted by the date and time of their birth (which determines their Sun, Moon, and Ascendant signs, among other things). Dr. Wiersma illustrates how this information can help you better understand your partners, friends, and yourselves. And for those people seeking a new relationship, this book is an essential guide on finding a compatible mate. The text spells out the details and the reference charts make it super easy to figure out whom you are most compatible with--and who you're not!
