Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Practical Color Photography In this little work historical and theoretical data have been as far as possible omitted. My endeavor has been to supply an elementary practical manual of the various processes of Color Photography, and no method or formula has been given that has been personally tested in practice. This has naturally limited the scope of the work to some extent, but it has not entailed the omission of any information of practical value.
