Life of Kings
Factors affecting movement pattern, habitat use and
distribution of king cobras- a multi scale approach

LAP LAMBERT Academic Publishing, 2012. Taschenbuch. Book Condition: Neu. Neu Neuware; original eingeschweisst; Rechnung mit MwSt.; new item, still sealed; - King cobras are apex predators of their ecosystems. In India, they occur in a wide variety of habitats from the foothills of the himalayas to the rain forests of the Western Ghats and Northeast India. Despite such a wide distribution very few scientific studies have been conducted on the king cobra. This book focuses on one study carried out...
